

# **BLENDING AND GUARANTEES**

# Overview of active WBIF programmes for private sector

The development of a robust private sector is essential for regional socio-economic development and integration, and to improve the region's competitiveness and job creation. The Economic and Investment Plan (EIP) for the Western Balkans focuses on

the importance of supporting start-ups and micro-, small and medium-sized businesses as a means to this end and directs significant investments towards innovation and green growth. To unlock the potential of the private sector, increased EU financing is made available

through blending of grants and loans, and guarantees under the Western Balkans Guarantee Facility (EFSD+). This reinforces open, innovative, business friendly eco-systems.

# **Key results**

**Since 2009** 

€628m EU funds for MSMEs in the Western Balkans

€7.0bn
total estimated investment

**395,307** MSMEs supported

1,126,578

jobs supported and/or sustained

1.6<sub>m</sub> MWh p.a. energy savings

**592,096** t/p.a. CO2 emissions reduced

Western Balkans Guarantee Facility

up to €985m quarantee coverage

up to €49.6m technical assistance

The EU has helped MSMEs to meet the EU standards related to environmental protection, occupational health and safety, and product quality and safety, thereby enabling them to compete effectively in the single EU market.

# **EIP Policy priorities**

In line with the EIP, the key EU policy priorities for the private sector development in the Western Balkans include:

**Green transition** 

Sustainable agriculture

Digital transition and innovation

Trade and value chain integration

**Financial inclusion** 

Financing and financial diversification

**Crowding-in private capital** 

**Multi-thematic**

SMF Go	Green	<b>Programme</b>	in the	Western	Ralkans

Beneficiaries: Albania, Bosnia and Herzegovina, Kosovo\*, Montenegro, North Macedonia, Serbia

Embrace green prosperity with the SME Go

Green Programme, a trailblazing initiative

led by the European Bank for Reconstruc-

tion and Development (EBRD). It focuses on

enhancing the green and circular economy,

agribusiness and competitiveness invest-

ments for small and medium-sized enter-

prises (SMEs) in the Western Balkans.

Start date: **December 2022** 

**Under implementation** 

The Programme is strategically designed to

• Scaling up green economy investments

• Supporting agriculture and agribusiness

value chains by dedicating 33% of total

· Ensuring more equitable access to climate finance for women-led SMEs by directing at least 25% of the investments to

by allocating at least 70% of total

investments to this sector

initiatives led by women

investments to green technologies

Status:

Total WBIF contribution:\*\*

€25 million

Total estimated investment:

€145 million

EBRD extends debt financing to SMEs through local commercial banks for qualifying investments. These credit lines are boosted by an EU-funded advisory service and cash-back incentives await SMEs upon successful completion and verification of investments.

### **Green Finance for Inclusion**

Beneficiaries: Albania and Serbia

European Bank

# cdp"

Unleash the potential of underserved micro, small, and medium-sized enterprises (MSMEs) across the Western Balkans with the Green Finance for Inclusion programme. By investing in innovative energy efficiency and climate-resilient measures, this programme will drive transformative change. The support is particularly focused on empowering women- and youth-led MSMEs in the sectors of social entrepreneurship, sustainable agriculture, circular economy and eco-tourism.

#### Start date: January 2023

### **Under implementation**

Cassa Depositi e Prestiti (CDP) is the leading financial institution, extends credit lines to local financial institutions, including Microfinance Institutions (MFIs), to facilitate on-lending to MSMEs under favourable

#### Total WBIF contribution: €10 million

#### Total estimated investment: €130 million

Thanks to EU backing, eligible MSMEs can access loans with favourable conditions like:

- · lower interest rates,
- · reduced collateral requirements,
- · longer maturities,
- · a combination of all of the above.

## Go Digital in the Western Balkans

Beneficiaries: Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia

#### European Bank

The Go Digital programme supports digitalisation, automation and competitiveness of small and medium-sized businesses (SMEs) across the Western Balkans. Emphasising sustainability, a minimum of 50% of the investments will be green, and at least 30% targeted to regions beyond capital cities thus contributing to regional and rural development.

#### Start date: December 2023

#### Status: **Under implementation**

EBRD extends debt financing to SMEs through local commercial banks for qualifying investments. These credit lines are boosted by an EU-funded advisory service and cash-back incentives await SMEs upon successful completion and verification of investments. The incentives will prioritise high-performing technologies that are less present on the market, mitigating upfront costs.

#### Total WBIF contribution: €27.6 million

#### Total estimated investment: €177.6 million

Some of the eligible digital technologies include automated manufacturing solutions, augmented reality, e-commerce, big data and analytics, and more. Automation investments will cover manufacturing and process equipment, printing, agricultural equipment, etc.

**Digital transition** 

<sup>\*</sup> This designation is without prejudice to positions on status and is in line with UNSCR 1244/1999 and the ICJ Opinion on the Kosovo declaration of independence. \*\* Refers to funds from the WBIF Private Sector Calls for Blending Operations and earlier EU contributions consolidated under the WBIF Private Sector Blending in 2020.

**European Fund for Southeast Europe (EFSE)** 

Total WBIF contribution: €109.9 million

Total estimated investment: circa €3.6 billion

About EFSE:

EFSE was initiated in 2005 by KfW Development Bank, supported by the German Federal Ministry for Economic Cooperation and Development (BMZ) and the European Commission (EC). The EFSE mission is to ignite economic development and enhance lives in Southeast Europe and the Eastern Neighbourhood Region. As a pioneering public-private partnership, EFSE pools resources for enduring impact.

For more information about the European Fund for Southeast Europe, please visit: www.efse.lu

Status:

**Under implementation** 

This is the first programme in the Western Balkans to implement the eco-industrial parks (EcoIP) concept. It aims to demonstrate the feasibility of EcoIP's by initiating four pilots in industrial parks in the region.

The programme has two components:

- The first component IFC will assess industrial parks in the Western Balkans. Based on predefined criteria, the four industrial parks showing the highest potential for successful transformation to EcoIP will be identified. Those four parks will be as pilot case studies and begin the retrofitting process.
- The second component A series of pilot case studies designed to facilitate the implementation of the EcoIP framework, including

Trade and value

- · Lectures, workshops and training on EcoIP framework implementation;
- Presenting international best practices for the transition from traditional industrial parks to ecoindustrial parks;
- · Presenting good examples of EcoIP framework implementation from the pilot case studies.

## **Pilot Programme on Inclusive and Socially Responsible Procurement**

Beneficiaries: Albania, Bosnia and Herzegovina, North Macedonia

Start date: December 2022 Total WBIF contribution:

€2.5 million

Turopean Bank

Status:

**Under implementation** 

This programme will help the private sector across the Western Balkans implement Inclusive and Socially Responsible Procurement (ISRP). The concept will be piloted at a regional solid waste investment in North Macedonia

The programme has two components:

- 1. Policy mapping for North Macedonia, Albania, and Bosnia and Herzegovina will be carried out. This also includes the development of template contracts to integrate ISRP into procurement processes.
- 2. Training, design and implementation of ISRP for the chosen investment project will follow. As a result, the Programme is expected to develop the skills and

employment opportunities for currently underrepresented groups in the North Macedonian solid waste sector. A comprehensive monitoring, evaluation and learning strategy will enable partners to draw lessons from the pilot and inform plans to replicate the approach on future investments under the WBIF.

# Structural Reform Facility - Competitiveness Policy Priorities for Western Balkans

Beneficiaries: Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia

European Bank

Start date: **December 2023**  Total WBIF contribution: €3 million

GGF empowers by providing funds through local financial institutions or direct investments into qualifying projects and companies.

**Under implementation** 

Start date:

Status:

December 2009

In 2023, the EU further supported the GGF, with a €20 million capital increase in the form of C-share equity, accompanied by €4 million in technical assistance.

This replenishment will sustainably build up and expand the supply of effective financing for renewable and efficient energy measures in the region, and contribute to the reduction of energy consumption and greenhouse gas emissions among end-borrowers.

Total WBIF contribution: €88.6 million

Technical assistance: €4 million

Total estimated investment: circa €762 million

About GGF:

The Fund was launched in 2009 by the European Investment Bank (EIB) and the German Development Bank (KfW) with the backing of the German Federal Ministry for Economic Cooperation and Development (BMZ) and the European Commission (EC). GGF currently operates in 19 markets, including the Western Balkans, and is dedicated to combatting climate change, promoting economic growth, and fostering a sustainable future.

For more information about the Green for Growth Fund, please visit: www.ggf.lu

### **Enterprise Expansion Fund (ENEF) II**

Beneficiaries: Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia

Start date: December 2021

Status:

Total WBIF contribution: €30 million

Beneficiaries: Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia

**WB EDIF Guarantee 4 SME Resilience** 

Start date: **June 2022** 

Status:

Total quarantee coverage: up to €60 million

Launched in June 2022 in the wake of the COVID-19 pandemic and the ongoing energy crisis; this initiative aids MSMEs in bolstering their resilience while progressing towards

a more sustainable, low-carbon

Financing and

Financial inclusion

Total estimated investment: circa €750 million ä

Turopean Bank

The Enterprise Expansion Fund (ENEF) is an ENEF II goes beyond financing, by providing equity fund that catalyses the expansion of local small and medium-sized enterprises (SMEs) and high-potential mid-caps in the Western Balkans. Focusing on providing equity, quasi-equity and debt financing, ENEF II provides the financial boost needed for small businesses to grow and expand. Launched in December 2021, supported by the European Commission, EBRD and other development finance institutions, up to €75 million is expected to be available.

**Under implementation** 

extensive pre- and post-investment support.

given to identifying and addressing Environ-

mental, Social and Governance (ESG) risks

and opportunities for businesses.

Total estimated investment: €75 million

ENEF: a proven legacy

The journey began in 2014 with the Success is more than numbers, so support is launch of the Enterprise Expansion Fund (ENEF) under the Western Balkans Enterprise Development and Innovation Facility (WB EDIF), backed by an initial capital of €48.5 million. Guided by the European Bank for Reconstruction and Development (EBRD), ENEF I successfully invested in 16 companies by July 2020.

The Guarantee4SME Resilience empowers micro, small and medium-sized enterprises (MSMEs) with improved access to affordable finance. By sharing the risks with commercial banks, the guarantee is dedicated to supporting smaller SMEs, with a minimum 25% allocation to micro-businesses.

**Under implementation** Thanks to EU backing, eligible MSMEs can

access loans with favourable conditions like:

- lower interest rates,
- reduced collateral requirements,
- · longer maturities,
- · a combination of all of the above.

**Growth for All** 

European Bank

Beneficiaries: Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia

The Growth4All addresses some of the key

challenges for MSMEs in the Western Balkans

through a supply of dedicated financing and

technical assistance that promotes sustaina-

Financing will be made available through

Partner Financial Intermediaries (PFIs) in all

six WB economies and will target specifical-

be public utilities for investments in RE and grid infrastructure. These utilities will benefit from direct lending at concessional terms, which brings more sovereignty and independence in corporate decision-making, moving utilities closer to markets. In addition, private corporates will receive EFSD+ quaranteed financing for green transformative investments through private financial institutions.

# **Western Balkans Climate Programme**

Beneficiaries: Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia

IFC International Finance Corporation WORLD BANK GROUP

Western Balkans economies are characterised by elevated levels of energy intensity, high pollution levels and an energy mix dominated by fossil fuels.

Micro, small, and medium-sized enterprises (MSMEs) interested in adopting energy-efficient and environmentally-friendly processes often encounter significant barriers to do so, including limited access to capital, insufficient skills, and a lack of awareness about green technologies and available financial solutions.

In addition to the climate financing gap, capital markets in Western Balkans remain underdeveloped, with medium- to long-term local currency funding almost non-existent.

Start date: December 2024

Western Balkans.

Albania, Kosovo and Serbia

Start date: September 2024

Status:

**Under implementation** 

This Guarantee aids Albania, Kosovo, and Serbia in post-pandemic recovery, enhancing the region's competitiveness and job creation. Through risk-sharing guarantees and technical assistance, it unlocks financing for micro, small and medium-sized enterprises (MSMEs), prioritising start-ups, rural MSMEs, and those operating in the manufacturing

The Guarantee will be implemented through local Credit Guarantee Funds (CGFs), which will enable Partner Financial Intermediaries (PFIs) to finance target MSMEs by mitigating lending risks through partial reimbursement of losses in the event of MSME defaults.

Total guarantee coverage: up to €48 million

Technical assistance: up to €2 million

Thanks to EU backing, eligible MSMEs can access loans with

favourable conditions like:

- lower interest rates, · reduced collateral requirements,
- longer maturities,
- · a combination of all of the above.

#### **EDFI Carbon Sinks**

Beneficiaries: Albania, Bosnia and Herzegovina, Kosovo, Montenegro, North Macedonia, Serbia

The EDFI Carbon Sinks aims to enhance carbon storage and expand the sustainable management of land and/or wetlands while delivering high-quality emission reductions, restoring biodiversity, and improving the livelihoods for forest dependent communities and smallholders. Carbon sinks are nature-based solutions that absorb carbon

dioxide (CO2) from the atmosphere.

Start date: October 2024

Status:

**Under implementation** 

This EFSD+ Guarantee supports projects in five sub-sectors: Natural Forests, Smallholder Forestry, Plantation Forestry, Agricultural & Carbon Sink Investments, and Forest Product Processing. Investments benefiting from the Guarantee will be made directly in private sector forestry and agribusiness companies or indirectly via equity and carbon credit funds.

Total quarantee coverage: up to €12 million

Technical assistance: up to €0.6 million

Alongside investments, the Guarantee will provide technical assistance for project preparation to ensure that the environmental and social risks are appropriately managed.
